## Footnotes

<sup>1</sup> Beige & Flint Gray Metallic colors began in May of 1956 at the time the Ferguson F-40 was put into regular production and the new three-letter SN prefix was adopted.

<sup>2</sup> Change of paint colors to Red & Flint Gray Metallic occurred at SN 176,341 in December of 1957.

## Serial Number Codes

**S** = Standard chassis  
**G** = Continental gasoline engine  
**D** = Standard Diesel engine  
**H** = High altitude Continental gasoline engine  
**M** = Dual stage clutch  
**F** = Single stage clutch

## Author's Note

Based on extensive research and consultation, this information is believed to be as accurate as can be ascertained.
